Request

Conditional Use Permit approval for an Indoor Archery Shooting Range to be located at 423 5th Street.

Project Location

General Information

The applicant is requesting a conditional use permit to allow the operation of an indoor archery shooting range in the B-3 (Central Business) Zoning District (*see enclosed diagram and site plan*).

The existing brick building is approximately 3500 sq. ft., of which approximately 756 sq. ft. is currently being used for the archery retail store. The back (approximately 1975 sq. ft.) area is being proposed to be used as an indoor archery shooting range for compound bows, using only field point arrowheads (no broadhead arrowheads).

Per §13-601 of the Rock Springs Zoning Ordinance, "Indoor Shooting Range" is defined as, "A totally enclosed facility designed to offer a controlled shooting environment designed and operated for the use of rifles, shotguns, pistols, silhouettes, skeet, trap, black powder, or any other similar sport or law enforcement training purpose that includes impenetrable walls, floor and ceiling, adequate ventilation and lighting systems, and acoustical treatment for sound attenuation suitable for the range's approved use."

Per §13-809C.(10) "Indoor Shooting Range" is listed as a conditionally permitted use in the B-3 (Central Business) Zoning Districts.

Project Name:

High Alpine Archery – Indoor
Archery Shooting Range

Project Number:

PZ-17-00180

Analysis

Section 13-905D. provides that the Commission shall review and consider approval based on the effect of the proposed use upon the health, safety, and general welfare of occupants of surrounding lands, existing and anticipated traffic conditions including parking facilities on adjacent streets and land, and the effect of the proposed use on the Comprehensive Plan. The Commission may grant the application by motion, imposing such conditions and safeguards as it deems necessary, or it may deny the application.

The purpose statement for the B-3 Zone is as follows:

The purpose of the Central Business Zone (B-3) is to allow the development of commercial retail and service establishments with carefully integrated multiple-family residential, entertainment, and public parking facilities in the "downtown" sector of the City. The Zone encourages development to take place in an intensive fashion to facilitate pedestrian circulation and to maximize the use of valuable locations.

The National Safety Council rates archery more accident free than every popular ball sport, including tennis and golf. See enclosed report found on the National Safety Council website.

Utility Review

The proposed use request was sent to the Utility Review Committee on October 31, 2017, with comments due back on November 7, 2017. Planning staff shall submit any comments from the Utility Review Committee to the Planning and Zoning Commission at the time of the scheduled meeting.

Property Owner Notifications

Adjacent property owners were notified of this application on October 31, 2017 and were invited to comment. At the time this report was written, no written or verbal comments had been received from adjacent property owners. Any comments received after the preparation of this report shall be submitted to the Planning and Zoning Commission at the time of the scheduled meeting.

Staff Recommendation

Staff will provide a formal recommendation after public comment at the Planning & Zoning Commission Meeting. At a minimum, staff recommends that the following conditions of approval be attached to the Conditional Use Permit specifically for High Alpine Archery at 423 5th Street:

1. All Utility Review conditions shall be met.
2. Safety and required insurance for proposed use must be met.
3. All State, Federal, and local laws must be followed.

Dear Property Owner / Interested Party:

This letter is to inform you that Shaun & Jessie Cantrell, from High Desert Archery, has submitted a request for Conditional Use Permit approval for property located 423 5th Street, Rock Springs, Wyoming. Records show that this property is adjacent to or near property you own. The following summarizes the application:

The applicant is requesting Conditional Use Permit approval for an indoor archery shooting range to be located at 423 5th Street (*see enclosed diagram and site plan*). In accordance with Section 13-809 C. (10) of the Rock Springs Zoning Ordinance, Indoor Shooting Ranges are conditionally permitted uses in the B-3 (Central Business) Zoning District.

The Rock Springs Planning and Zoning Commission will consider this Conditional Use Permit request at a public meeting to be held on Wednesday, November 8, 2017, at 7:00 p.m. in the Rock Springs City Hall Council Chambers, 212 'D' Street, Rock Springs, Wyoming. Interested persons or parties are encouraged to attend the meeting or submit written comments. Written comments will be accepted no later than Noon on November 8, 2017.

If you have any questions regarding this information, please contact the Planning and Zoning Division at (307) 352-1540.

Sincerely,

Amy Cox

Sports and Recreational Injuries

■ In the United States in 2014, basketball and bicycle riding injuries each resulted in more than half a million emergency department visits.

The table below shows estimates of the number of injuries treated in hospital emergency departments associated with various sports and recreational activities. Because this list of sports is not complete and the frequency and duration of participation is not known, no inference should be made concerning the relative

hazard of these sports or rank with respect to risk of injury. Since currently available sports participation estimates do not provide a valid estimate of exposure risk, they are inappropriate for use in rate calculations. Because of this limitation, they are not included in the table below.
