

## WHAT ARE TECHNICAL ASSISTANCE FUNDS?

Technical Assistance Funds are provided by the Wyoming Business Council Main Street Program to assist the state certified Main Street communities with their downtown revitalization and historic preservation projects. Main Street Programs across the state apply for a requested amount of funds each year to distribute to their individual historic downtown districts and projects.

The Urban Renewal Agency/Main Street Program has designated these funds specifically for engineering projects being completed within the Urban Renewal district area.

These funds are to assist building owners whose property poses a questionable structural reliability.

By distributing Technical Assistance Funds, the URA hopes to aid building and business owners with their development endeavors.

## Technical Assistance Funds

The Urban Renewal Agency/Main Street Program would like to assist you. Fifty (50%) of your project may be eligible for funding through Technical Assistance Funds.

- Is your business located in the Rock Springs historic downtown or Urban Renewal district area?
- Are you undertaking any type of engineering projects or planning to?
- Are you searching for additional funds?

WE WANT TO HELP!

## APPLICATION PROCESS

1. Once submitted, the request will be presented to the Urban Renewal Agency Board for approval. The board meets the 2nd Monday of every month at 5pm. You are encouraged, but not required to attend the board meeting when your request is being presented. Please contact the URA office for verification of meeting date and times.
2. A second visit may be necessary to confirm details of the request.
3. Written correspondence will be sent to the applicant regarding an acceptance or denial of the application.

## HOW TO APPLY

1. Submit a one page written request as to why you qualify and deserve Technical Assistance Funds.
2. Include supporting documents such as photos, invoices, receipts, etc.
3. Provide the applicant name, phone number and project address.
4. Deliver or mail the request to:

Urban Renewal Agency  
450 South Main Street  
Rock Springs, WY 82901

## MATCHING REQUIREMENTS

Technical Assistance Funds requires the applicant to match 50% of the total project cost. Matching funds may be cash or in-kind contributions.
