**PRESENTATIONS AND PROCLAMATIONS**

**Presentation: Devon Brubaker, Southwest Wyoming Regional Airport**

Devon Brubaker addressed the Council regarding the Budget Amendment that is on the Agenda for approval this evening, which contains an appropriation for funding of the design for the Southwest Wyoming Regional Airport’s Commercial Terminal Modernization. Mr. Brubaker informed the Council that a significant opportunity has been presented with congress appropriating an extra \$1 billion to the aviation department. This extra appropriation is intended for modernization of small airports, which Rock Springs is one of 1,400. These funds will be very competitive, so the Southwest Wyoming Regional Airport is hoping to get the design of the modernization underway, in the hopes of having an advantage in applying for funding through this appropriation. The budget amendment that will be acted upon tonight contains one-third of the cost of the design for the project. Councilor Tate asked Mr. Brubaker what would happen if the state goes into the red on the Air Service Enhancement Program. Mr. Brubaker informed the council that these funds are being eroded by more requests recently, which are outpacing the

funding that has been supplied to this program in recent years. The Southwest Wyoming Regional Airport remains at the top of the priority rating model that the State uses to award funding for the Air Service Enhancement Program, so even with declining funding, the Southwest Wyoming Regional Airport will continue to receive it. Mr. Brubaker stated that the Governor has appointed him to a committee to develop a 10 year plan, with a \$15 million appropriation. The airline has indicated that they have full confidence in the Southwest Wyoming Regional Airport, and will not be leaving anytime soon. Councilor Zotti included that it is an old facility that is in need of improvement. As it ages, maintenance costs will increase. Councilor Zotti also indicated that industry looks for airways when developing in new areas, which is necessary for diversifying and expanding our economy. Councilor Savage asked whether the federal funding is available now, and Mr. Brubaker said that it is currently available and is fully authorized and appropriated, which means it could be released at any time. October 31, 2018 is the application deadline. Councilor Shalata inquired as to whether we have reached out to Green River for funding, and Mr. Brubaker stated that Green River is not part of the Joint Powers Board, and has only funded 22% of the share for the Air Service Enhancement Program. Mayor Demshar stressed to the Council that if economic development is important to the City of Rock Springs, helping to fund the design of this project is crucial.

#### **Proclamation: Fire Prevention Week 2018**

Mayor Demshar read a proclamation to declare the week of September 24 through 28 as Fire Prevention Week, and encouraged citizens to be aware of their surroundings, look for available ways out in the event of a fire or other emergency, respond when the smoke alarm sounds by exiting the building immediately, and to support the many public safety activities and efforts of Rock Springs' fire and emergency services during Fire Prevention Week 2018. Firefighter Amy Warne addressed the Council and informed them that the Fire Department will be visiting elementary schools in Rock Springs to talk about fire prevention, because getting kids out fast from a house fire is of utmost importance. She stated that the response time for fire calls from the Fire Department is approximately 2 to 3 minutes. Firefighter Tony Colbert stated that Rock Springs has less than the national average of structure fires, due to prevention and education efforts. Schedules were handed out to Councilors regarding Fire Prevention activities at local elementary schools during Fire Prevention week.

#### **PUBLIC HEARINGS**
