PRESENTATIONS & PROCLAMATIONS

National Slavery and Human Trafficking Awareness Month—January 2020

Christal Martin, Sweetwater Against Trafficking, stated that SAT is conducting an array of education and awareness events throughout the state of Wyoming. The United States is #1 in the world for sex-related human trafficking. An online simulation resulted in one child being

targeted by over 25 men. 1 in 5 vehicles passing along I-80 contain a human trafficking victim. Ms. Martin went to a conference in Cincinnati and learned about different social media risks, and key words on social media were one topic, and these keywords are present, in abundance, in Rock Springs and Green River. Ms. Martin stated that the predators involved have had some form of trauma in their early childhood, which has resulted in a predator instinct. Mayor Kaumo then proclaimed the month of January 2020 to be National Slavery and Human Trafficking Awareness Month, and called upon businesses, community organizations, families, and all citizens to recognize the vital role that must be played in ending all forms of slavery and to observe this month with appropriate programs and activities.

Cervical Cancer Awareness Month—January 2020

Kelly Sugihara, Regional Cancer Center, stated that she is a personal survivor of cervical cancer. 90% of cervical cancer is HPV-related, and there is an HPV vaccine available. Cervical cancer can be mostly eliminated with the vaccine. Australia plans to eliminate cervical cancer by 2063. She is passionate about educating the community about cancer. Councilor Zotti asked about an ideal age range for the vaccine, which Ms. Sugihara stated is between 11 and 12 years of age, but can be given through age 26. She is also working on an initiative to allow vaccines for HPV and TDAP to be available at schools in our area. Councilor Shalata asked whether it is mandated, to which Ms. Sugihara stated that Wyoming does not mandate it, but that it would be in our best interests to require it at the legislative level. Some primary clinics do not recommend or carry the vaccine. Since she works for the State of Wyoming, she is not allowed to lobby the legislative body for this cause. Mayor Kaumo then proclaimed the month of January 2020 to be Cervical Cancer Awareness Month, and encouraged citizens to recognize that cervical cancer is preventable, and to encourage and support the women in their lives in taking charge of their health and availing themselves of the tests and vaccines that have proven to be so effective in preventing cervical cancer. The means to prevent this disease is present; it is incumbent on everyone to insure the will to do so.

PETITIONS

Les Mauch, UMWA President – addressed the Governing Body regarding health problems caused by the weight of the duty belt which puts pressure on the hips and lower back, which causes chronic lower back pain. A proposal was made within the department to move to load-bearing vests. Mr. Mauch researched the issue, and a 6 month study was done at the University of Wisconsin for load-bearing vests, which made a stark difference when redistributing weight to the shoulders. The UMWA would like to lead the effort, which would result in less lost time and less worker's compensation claims. The cost would be \$10,386 for all vests. The UMWA agreed to purchase 18 vests, at a cost of \$5,193 and requested that the Police Department pay for the remaining 18 vests. He would like to request that if this is agreeable, to place the order within 2 weeks. Mayor Kaumo stated that he respects the offer and that the interest of the City employees and their health means a lot to the Governing Body. Councilor Zotti asked if the average weight was really 30 pounds of the belt, to which Mr. Mauch confirmed. He added that disbursing the weight more evenly had a positive impact.

Devon Brubaker, Recycling Center President, stated that 1.5 million pounds of recyclable waste was processed in 2019, which is a 21% increase from 2018, with not much more in funding. The cardboard market dropped considerably in December, which cardboard was held until January,

where the market came up to \$5 per ton. Mayor Kaumo stated that all in all, recycling is a much-needed service and that he likes to see this worthwhile service continue, in order to keep items out of the landfill. Mr. Brubaker thanked RSNB Bank for partially funding the Center's new garage door, DeBernardi Construction for their donation of a concrete pad placed outside of their new garage door, as well as Vaughn's Plumbing and Heating for fixing the heater in the building at no cost. He added that he believes a very bright future is ahead for the region's recycling. Mayor Kaumo stated that everyone must do their part when it comes to recycling.

COUNCIL COMMITTEE AND BOARD REPORTS

Rock Springs Historical Museum Board Meeting Minutes of November 13, 2019

Main Street Meeting Minutes of December 9, 2019

Councilor West stated that he watched the Board of County Commissioners' meeting today, as he was not able to attend. The vote came down to an \$80 million cap on the Specific Purpose Tax. The proposed distribution calculation discussed was based on population, and left Rock Springs with 35% after deducting percentages for smaller communities, leaving about \$14 million in requests to be cut. The Commissioners encouraged communities to go back and re-prioritize projects, which is difficult to do until a finalized amount is given to each community. Mayor Kaumo stated that he believes other communities need to take a look at their requests and fair decisions need to be made with regard to what cuts should take place. Councilor West added that the decision is the Commissioners' at this point and that the public is starting to lose faith in the tax and how they're handling this process, which is frustrating. Mayor Kaumo discussed the poll that Sweetwater Now took relating to support of the Specific Purpose Tax. Rock Springs should stay focused on its game plan and the City of Rock Springs' list could not be further prioritized, he believes what was presented is the final list. Councilor West stated the County has not prioritized any of its projects either at this point.

Mayor Kaumo shouted out to the City Council and to Chad Banks, Urban Renewal Agency Manager, for going before the State Lands and Investment Board for the First Security Bank Building Renovation Grant. The Wyoming Business Council heard the grant first and recommended it for approval to go before the SLIB. The SLIB is comprised of elected officials,

and the final approval hearing was difficult, but successful. Senator Anselmi-Dalton was in attendance for support, and Mayor Kaumo thanked others who provided support for this project, as well as the community for taking the time to write letters of support and the Governing Body for providing the match. The last hurdle was crossed with this approval for the start of this project.

Moved by Councilor Zotti, seconded by Councilor Wendorf to approve the Council Committee and Board Reports and place them on file. Motion carried unanimously.
